Afghanistan urges US to unfreeze its central bank assets

Kabul Agency

Afghanistan's Interim Foreign Minister Amir Khan Mutzqi in a letter to the US Congress has urged for the release of its central bank assets that were frozen by the American government. TOLNews quoted the minister as saying that following the signing of the Doha Agreement, the Islamic Emirate and the US is no longer neither in direct conflict or in military opposition. "It is quite surprising that with the announcement of the new government, the administration of the United States of America slapped sanctions on the assets of our Central Bank. This goes against our expectations as well as the Doha Agreement" the letter reads. It further said, "Currently the fundamental challenge of our people is financial security and the roots of this concern lead back to the freezing of assets of our people by the American government."
